

**Online Conference on the Diabetic Foot Syndrome (DFS) in accordance  
with the Erasmus+ DiaSHOE project organised by CEC (European  
Confederation of Footwear Industry)  
30<sup>th</sup> of march 2023 at 16:00 (CET) – Microsoft Teams**

The Erasmus+ DiaSHOE project (October2020- March 2023) aims at raising awareness about the Diabetic Foot Syndrome (DFS) and the consequences of not controlling it if not properly addressed. For this purpose, the partners have developed three different sets of Digital Education Package respectively targeting three target groups: Diabetic Foot Control designers, footwear technicians and product managers; health technicians and shoe shop employees; and finally, patients, their families, informal caregivers as well as school teachers and educators. By participating in this final webinar, you will learn how to respond, and better support the needs of diabetic patients, when it comes to their feet.
